

The student fair "Choose France - Choisissez la France" returns for a fourth edition on Saturday, October 15, 2022

The "Choose France - Choisissez la France" student fair is back for its fourth edition on Saturday, October 15, 2022 from 9am to 6pm! The event is organized by the scientific and university cooperation service of the Embassy of France in Egypt, with the support of Campus France. The event welcomes every year about 1500 students interested in studying in France.

On Sunday, October 16, the institutional day will be for institutional representatives only, so that the representatives of French institutions can meet their Egyptian counterparts.

Registration is free and mandatory for students, families and institutional representatives: <https://live.eventtia.com/en/choosefranceegypte2022/Home/> Two registration slots are available, in the morning from 9:00 am to 1:00 pm, and in the afternoon from 2:00 pm to 6:00 pm.

Saturday, October 15 - The student fair will allow Egyptian students to learn more about studying in France and about the French programs available in Egypt

Accompanying future Egyptian students in France through workshops and information stands

Sixteen French higher education institutions, three networks of institutions and six French programs located in Egypt will be here to present their training offers, from Bac+1 to Doctorate, and to exchange with the visitors.

Students will also have the opportunity to talk live with Egyptian alumni of French higher education, agents from the Campus France agency, the French Institute of Egypt's department of French courses and exams and the scientific and university cooperation service of the French Embassy.

Finally, multiple thematic presentations will follow one another throughout the day on studying and living in France, scholarship programs for Egyptian applicants, the French language training offer at the French Institute as well as workshops on how to prepare applications for scholarships and studies in France.

Giving visibility to 100% English language training

With nearly 40,000 students enrolled in bilingual schools in Egypt, France is a 1st-choice destination for Egyptian students!

For non-French speaking students, this year again, "Choose France - Choisissez la France" will highlight the many high-level courses offered 100% in English in France, in business schools, engineering schools and French universities.

The growing success of "Choose France – Choisissez la France"

The growing popularity of the festival has made it an important event in the Egyptian higher education landscape. The French Institute of Egypt in Mounira welcomed more than 1,500 high school and university students in 2021 and about 100 representatives of Egyptian universities.

During this 4th edition of the "Choose France - Choisissez la France" fair in 2022, the teams of the scientific and university cooperation service of the French Embassy in Egypt will be committed to advising students interested in studying in France and to accompanying them in the steps necessary for their choice of mobility.

Sunday, October 16 - Institutional meetings: a privileged moment to establish new inter-institutional relationships (reserved for institutional representatives)

The representatives of French higher education institutions will welcome their Egyptian counterparts to explore new projects of partnership, or to pursue exchanges and collaborations already initiated. Many cooperation agreements have been initiated during these bilateral meetings during the previous editions of the institutional meetings "Choose France".
